35- Ton Air Flip Tail

Cozad Lightweight 35-ton, 2 Axle 8-tire Air Flip Tail

Pneumatic operated tail

- A Cozad 35-ton flip tail trailer provides efficient ground-level loading and strong weight capacity for hauling heavy construction and industrial machinery
- **Easy Loading:** The air-operated flip-up tail with fold-out ramps creates a smooth transition for loading low-clearance equipment like rollers, small excavators, or paving machines directly from the ground
- **Convenient Operation:** Controls located conveniently on the side of the trailer make operating the air tail fast and safe for the driver
